ARSENII ANHELIUK

MANAGEMENT & MARKETING

TRAINEE / JUNIOR CANDIDATE

Management student in Warsaw seeking a trainee or junior role in marketing or management. Through university and personal projects, I have developed skills in market research, business planning and digital content creation. My guest service experience at Hilton has strengthened my communication and teamwork. I bring analytical thinking, initiative and the ability to manage tasks independently.

PROJECTS

BEAUTYCOPY | PERSONAL AUTOMATION PROJECT

Independent learning project | August 2026

- Built a bilingual AI Telegram bot that drafts perfume product descriptions, social posts and campaign packs in Polish and English.
- Combined Make.com automation with AI-assisted coding to turn an idea into a working application.
- Designed a guided user flow, gaining practical experience in tool integration and breaking processes into repeatable steps.

MAMIN DZIEŃ | BUSINESS PROJECT

Project Analyst | Civitas University | 2025

- Researched competitors and target customers to inform the marketing strategy for a service combining wellness with childcare.
- Coordinated team activities and co-developed the product concept, business model and value proposition.
- Prepared and presented a business plan to a university panel, turning market research into a clear business proposal.

TIKTOK | PERSONAL CONTENT PROJECT

Content Creator & Video Editor | 2025 - Present

- Select topics and independently research people and source material for motivational and personal development videos.
- Develop video concepts, create and edit videos in DaVinci Resolve, and manage publication independently.
- Analyse audience responses and video performance to guide decisions on future topics, formats and publishing.

WORK EXPERIENCE

HILTON WARSAW

Waiter / Guest Service | Sep 2024 - Aug 2025

- Delivered guest service in line with Hilton brand standards in a fast-paced, multicultural environment.
- Handled guest requests and resolved service issues, collaborating with teammates under time pressure while maintaining attention to detail.
